

Company Profile

Welcome to Loy Surveys, Chartered Land Surveyors

Whatever the project you are considering, accuracy in planning is the key.

A reliable, accurate measured survey will lessen the possibility of you making costly mistakes at a later stage, as you will be less likely to come across unforeseen problems.

You will want to work with an experienced surveyor in whom you can have complete confidence to deliver to the very highest standards. At Loy Surveys we pride ourselves on our attention to detail. Our professional staff will use the very latest technology to deliver your measured survey fast and cost effectively.

The outcome will be accurate positioning of your construction within the exact area of your site having taken into consideration all necessary spatial related data.
